

When do you need a coach?

When do you need a coach?

- When you want to get the most out of the 40 Days of Discipleship as possible. Most of the coaching questions are related to telling stories about your experience. We want you to dig deeper and relate what you are learning with what you already know. Of course you can ask questions or share ideas not related to the coaching questions.
- When you are leading a group/church and are unsure of how to proceed. We realize you will need to adapt the material to the needs of your group. We can discuss this and cheer you on.
- When you feel you are in a mess and don't know who to talk to. We have been there and understand. Sometimes it is difficult to talk to others about our problems. We will pray and offer suggestions. We respect your confidentiality. Once you turn a corner you will be able to help others.
- When you feel alone in the battle. We don't always have a local support system when we need it. We can be a bridge until that is in place. We can lift our shields of faith together and stand firm against the fiery darts of the enemy (Ephesians 6:16).
- When you need prayer. Occasionally through the 40 Days, the coaching link will go directly to sharing a prayer request with the Global prayer team. Your first name and country will be shared along with you prayer request. For security reasons, all other information will be removed and the prayer team cannot contact you. Your prayer request should not include personal details. Our all knowing God is not limited if details are not included in the prayer request.
- When you need affirmation. There are times we need to bounce ideas off of someone else to clarify our thoughts and to get feedback. We value this journey together and the part that you play. Tell us your story.

How to receive coaching:

Respond using the link at the end of each lesson. It helps if you can indicate the lesson number (Day 1, Day 2 etc.) so the coach can understand the context. Please do not 'reply to' the email itself because your email address gets removed by the software that handles the conversations. You can respond as often as you want, from every lesson or once in a while. We want you to make the choice of how much interaction you are comfortable with.

Coaching is free:

We do not charge for coaching and we respond as quickly as we can. Our goal is that for everyone who desires, a real person will be listening, praying and offering suggestions as you journey through the 40 Days of Discipleship. Since coaching is free we also hope that you will learn from the experience and be able to offer this to others also, both locally and globally. We are unable to respond to requests for funding or donation of printed materials. May the Lord bless you on this journey together.
